Q3 List your top 3 local bitumen roads that you think should be better maintained than they currently are. Please note: if it just one section please indicate the area as best you can (eg, Brisbane Road between Sydney St and Melbourne Street). Do not include the following State-controlled and maintained roads: Warrego Highway, Gatton-Esk Road, Gatton-Laidley Road, Gatton-Clifton Road, Gatton-Helidon Road, Rosewood-Laidley Road, Laidley-Plainland Road, Forest Hill-Fernvale Road, Mulgowie Road, Mount Sylvia Road, Murphys Creek Road

Answered: 76 Skipped: 33

#	Responses	Date
1	Crescent Street, Gatton Wagtail Drive, Regency Downs Lorikeet Street, Regency Downs	5/22/2017 9:37 AM
2	nil	5/19/2017 9:08 AM
3	1 only LVRC road: Sippel Road between Blenheim Rd and opp. the tower next to K&J Kelleher's home. Even at 40 km it is impossible to see what is coming around the corner. The road needs to be widened to the east and for immediate improved safety, the grass needs to be cut (too steep for slasher) on the paddock side across the steep slope.	5/19/2017 4:08 AM
4	Smithfield road and bridge	5/17/2017 6:44 AM
5	Patrick street, Laidley	5/17/2017 4:09 AM
6	Old College Rd, Gatton ,full length Hickey St, Gatton, Full length	5/15/2017 8:16 AM
7	Old College Rd Gatton Gaul St Gatton	5/15/2017 7:06 AM
8	Turner Street Helidon Railway Street Helidon Station Street Helidon	5/15/2017 5:05 AM
9	Old college road is terrible for a main thorough fair. Also, a nicer road out to Placid hills would be highly appreciated as there is a growing community out that way	5/15/2017 4:33 AM
10	Dotd Road Hunt street Burnham street	5/15/2017 1:56 AM
11	Mountain view drive plainland, old college road gatton, niemeyer road hatton vale	5/15/2017 12:46 AM
12	Edwards road gatton Woodlands rd	5/15/2017 12:23 AM
13	Waddington Parade Woodlands rd	5/15/2017 12:09 AM
14	Australia ii drive Kensington Grove Bertrand av Kensington Grove	5/15/2017 12:02 AM
15	Rebuild the complete length of Australia II Drive, not just short sections. A large section of the road is too narrow and needs to be widened by 1/2 m each side. the road is used frequently by large trucks the that have to drive off the bitumen to avoid collisions, this causes constant crumbling of the edges. The repairs done thereafter are just badly done quick fixes. Wherever the local roads are repaired properly and widened to a reasonable width the roads remain in excellent condition... please do the right thing and repair the full length of Australia II Drive, thanks	5/14/2017 3:36 PM
16	Gatton Esk Old Toowoomba Rd Lower tentent hill	5/14/2017 2:59 PM
17	Glendene Road, Warrington Parade, Tarantall Toad	5/14/2017 2:59 PM
18	Can't think of any	5/14/2017 1:33 PM
19	Glenore grove school road	5/14/2017 1:26 PM
20	Vaux Street, Laidley Laidley-Grandchester Road, Laidley Milne Street, Laidley	5/14/2017 1:02 PM

Q6 Please enter any comments regarding this consultation

Answered: 70 Skipped: 39

#	Responses	Date
1	My top priority would be for council to attend to the mowing the sides of our roads more frequently!	5/23/2017 1:58 PM
2	To encourage more tourists and day trippers to the Lockyer Valley area, I think more money should be spent on improving the Gatton CBD. Clean footpaths and facilities make a good impression. Perhaps have some hanging baskets with flowers, to brighten up the area.	5/22/2017 9:37 AM
3	Would like to see footpath out to Cunningham estate or Cultural centre on laidley north end before young children get hit walking to school.	5/20/2017 4:53 AM
4	Our playgrounds in Gatton are very disappointing compared to other areas. We would drive to Ipswich or Toowoomba for the weekend just for a nice playground.	5/19/2017 2:23 PM
5	You haven't included Spring Bluff as a locality!! Roadside mowing and maintenance (whipper snipping NOT poisoning) as not been included, either.	5/19/2017 9:08 AM
6	We are concerned about unfurmed roads harbouring giant rats tail grass, mother of millions and painful tiger pear cactus (Boundary Rd West, Edwards Rd and Old Toowoomba Rd West from the corner of Forbes Road and the homes closer to the Glen Cairn Rod intersection.	5/19/2017 4:08 AM
7	I think the majority of roads are fine and maintained well. I do find our parks and gardens to be very basic equipment and lack of gardens/plants. I would like to see community areas and parks with more plants and regular maintenance and paint out if pagola and bbq areas as these areas look very neglected.	5/19/2017 4:04 AM
8	Footpaths are needed from town to the estates, cultural center and other properties in Laidley North. In particular a safe way for children and people with pets to walk across the bridge near the valley vista estate, at present they must walk on the road next to oncoming traffic.	5/19/2017 1:31 AM
9	A Park in the Fairways estate is needed but we all know that goes on deaf ears and gets put on the blame game of who should be doing it. Its getting a bit ridiculous now and would be nice not to be palmed off anymore. Maybe some effort into surrounding suburbs not just gatton laidley or plainland.	5/19/2017 12:41 AM
10	I drive quite a bit throughout the local area and walk with children/prams. A footpath is desperately needed going north from the Laidley primary school. I watch every morning and afternoon young children walking along the roadside and it's very dangerous.	5/17/2017 4:09 AM
11	Wilks Park definitely needs some new play equipment and more shade areas until the newly planted trees grow. Also what happened to the new childrens wading pool at the Gatton aquatic centre? The Mayor promised this in the last budget.	5/15/2017 8:16 AM
12	New or improved childrens facilities that we as a community can be proud of should be a high priority for the council. This attracts new growing families. I dont believe we have anything that says 'Come love in Lockyer' as there is nothing to boast about. One idea that I have had discussions with other locals is maybe a foot/bike path that could connect Placid Hills to town. This could be very well used by the whole town as a relaxing walk or ride. I know I'm targeting Placid Hills as I live there, but also a small playground in Placid Rise or somewhere out there would be great also to keep new houses being developed in that area.	5/15/2017 4:33 AM
13	More footpaths and parks needed around plainland area especially on the Porters side of the highway to encourage more outdoor activity	5/15/2017 3:00 AM
14	More footpaths to access woolies by foot from zischke road to woolies and from gehrke road to woolies	5/15/2017 12:46 AM
15	As someone using the roads for a cycling purpose on a weekly basis, road condition or lack of infrastructure for cyclists is a concern. I rely frequently on the courtesy of local drivers to ensure I have the space required. I am well aware of the frustration I would cause them, as I am sometimes required to enter further into their lane due to the poor state of the shoulder and edge of the roads for my safety. This can make me reluctant to cycle, however am disappointed that my rates do not already cover this maintenance, particularly when seeing more and more cyclists using the roads and knowing the facilities other areas benefit. With our council region being in one of the highest areas for obesity, I think promoting a healthy lifestyle should have a priority. I know the council do excellent work, and I do appreciate this, I just wanted to fully provide feedback for the purpose of this survey. We have some great parks with fitness equipment nearby in Laidley and Gatton which I believe would get more use with more footpaths leading to them or better roads. I know I would run or cycle to these parks if that was available and utilise the equipment there. Thank you for providing this opportunity for feedback.	5/15/2017 12:09 AM
16	Why did take a poll asking about what we wanted to happen to the iga park in laidley then ignore it. We need a sensory park for kids in the area. So we don't have to travel to Ipswich, brisbane or toowoomba just to take our child to a park. Parents have to save up to take their kids to the park because you can't be bothered upgrading a park thats been the same for years.	5/15/2017 12:02 AM
17	Need a footpath down Cleary Street. So many children use this street when walking to and from school and it is only a matter of time before one is hit by a car. There is no where safe for thke kids to walk	5/14/2017 11:43 PM
18	Thanks that your road building team has removed the death trap road crossing cage on Australia II Drive, the newly built crossing is now perfect and safe. Also thanks for finally having started rebuilding some small sections of Australia II Drive. But, Please rebuild the whole length of Australia II Drive due to the reasons mentioned above. We live on 38 Aust II Dve since 1989, no real roadwork (only quick shovels of bitumen fixes) have been done since the road was built around 1990. The road needs to be fully rebuilt now.	5/14/2017 3:36 PM

Council Infrastructure Works Priorities

19	Smith street needs a footpath and street lights. There are so many highschool kids that walk between William and railway streets along Smith St. There's also slot of buses and cars that add to the chaos. One day a child will be struck.	5/14/2017 3:00 PM
20	Walking paths in the placid hills area... remove gardens from front of state school to give more parking for parents and staff... the large bushes in these gardens r quite dangerous as kids walk through them to cross the road and cars cant see them...	5/14/2017 2:59 PM
21	I'm not aware of any gravel roads that could be better maintained. I've only traveled the ones around Blenheim recently and they appear to be in adequate condition.	5/14/2017 2:59 PM
22	Please build more parks for kids there is NONE in my area at all! We've just moved here and it's very disappointing.	5/14/2017 1:33 PM
23	Bertrand avenue skate park access	5/14/2017 1:26 PM
24	Please create some decent parks within the community for families to enjoy. There is no decent equipment for children over the age of 5-6 within the district.	5/14/2017 1:02 PM
25	Ash avenue needs footpaths into town	5/14/2017 12:42 PM
26	Thanks for considering rate payer input. I feel road maintenance is important for safety as much as comfort for regular users.	5/12/2017 3:04 PM
27	Please bitumen Lockyer Siding Road, or get all the council employees to use our road on the way to work each day and see how long it takes to be bituminised.	5/12/2017 12:17 PM
28	With a growing population we need to focus on what will keep people moving to the area and also keep their children living in the area.	5/12/2017 12:10 AM
29	doing more costs more, rates are to high now.	5/11/2017 8:06 AM
30	We need footpaths full stop!!! We also need a kids playground in the area. No where to meet as a community, have to walk/kids bike ride, scoot etc. on the roads with a 70km per hour speed limit in residential areas. It's a joke!	5/11/2017 4:08 AM
31	It would be nice for council to look in to creating a couple of parks in the hattonvale-plainlands area. It's really taken off and there are a lot of young families that have to drive in to town to find a playground. Also, the storm drains on the cnr fairways Deb and graham court are a nightmare to navigate with a pram, two dogs and a 3yo. The only answer is to walk out on the road...	5/10/2017 11:49 AM
32	Council gets a very bad rap in this community. You know what we feel passionate about - a park in hatton vale and the grass kept down and yet nothing is done! It is extremely rude that you put on this survey that we could expect an increase in rates when you charge us more than anywhere. Even brisbane pay a lot cheaper rates and get a lot more out of their council. Time you realised you are here for the community and stop sitting around doing nothing and do things that are actually important!! This all makes me so mad!!	5/10/2017 11:19 AM
33	TOO MANY PEOPLE (INCLUDING SCHOOL KIDS) HAVING TO USE ROADS TO WALK ON AS THERE ARE NO FOOTPATHS PROVIDED. THIS IS JUST WAITING FOR AN ACCIDENT TO HAPPEN, WHICH MAY HAVE FATAL/SEVERE CONSEQUENCES. ALSO THERE ARE HUGE DRAINS OPEN AND ILL MAINTAINED IN CLOSE PROXIMITY TO ROADS/PATHWAYS - FOR EXAMPLE ON AUSTRALIA II DRIVE BETWEEN BERTRAND AND CHALLENGE AVE.	5/10/2017 3:40 AM
34	Please start looking after Australia II Drive past Bertrand St. All maintenance seems to stop at Bertrand.	5/10/2017 3:16 AM
35	The road from the Warrego highway to Prenzlau state school needs to be wider. My cv joints/ boots on the left side of my car will thank you	5/9/2017 11:54 PM
36	Tabletop Estate needs kerbing. Sooner rather than later. Lousy driveways with puddles and rainwater runs down driveways.	5/9/2017 6:00 PM
37	More regular slashing required, particularly for narrow roads eg, Laidley Creek West & some very large pot holes hidden by the long grass	5/9/2017 1:53 PM
38	For several years we have been trying to get the dangerous right hand turn from Gehrke Road into Rons Road fixed - by slowing down the traffic in Gehrke Road or providing a right hand turn lane into Rons Road. No we have heard that a slip lane exiting left into Gehrke Road towards Woolworths is in the wind as is a left turn slip lane from Gehrke Road into Rons Road from the Brightview end is also planned. We have also heard that residents of Rons Road will be prevented from doing a right hand turn out of Rons Road to go to Brightview or anywhere up that way. How on earth can we go to the Glenore Grove Store or Brightview Tavern or even Fernvale if we cant do a legal right hand turn from our road. It doesnt make sense. I would appreciate a response on this one please. contact details 0427 006331 (Lorraine)	5/9/2017 1:17 PM
39	It would be nice if the Gazetted road around Gladstone creek were graded once in a while. My driveway to my property is a Gazetted road that is 1.1km long it is my only way to access the property. Regards Corey	5/9/2017 12:28 PM
40	Our roads are in pretty good shape. More work needs to be done on footpaths, kerb and channel, and stormwater drainage. Some bike paths and footpaths connecting the centre of Gatton to Lake Apex, and to Cahill Park, would be handy. A bike way connecting Plainlands to Laidley to Forest Hill to Galton to Grantham to Helidon to Withcott to Toowoomba could be a real drawcard and attract people from Brisbane to our area (Cycle the Valley). This could double as a horse trail. Some electric re-fuelling stations near our cafes could be handy to attract the yuppy visitor from Brisbane - say in Laidley and Forest Hill - and near other tourist type destinations - such as Spring Bluff and Mulgowie Pub.	5/9/2017 11:14 AM
41	Upgrading gravel roads will reduce sediment run off into water ways less vehicle damage and safer driving	5/9/2017 7:50 AM
42	A closer watch should be kept on Nexus and the damage they are doing to the local infrastructure.	5/9/2017 7:26 AM
43	Thank you~	5/9/2017 7:06 AM

Council Infrastructure Works Priorities

44	We r desperate for a footpath from laidley north Cunningham estate to laidley township it's dangerous and someone will be killed trying to walk this there is no real lighting at night dusk time and it's outrageous letting these estates go ahead without thinking of this lots of elderly live this side of the school and there is no footpaths school children can't ride to school or walk because it simply not safe I push a pram on this walk daily and it's shocking I have spoken to mayor who said won't be done for at least 5 years. That is not acceptable in such a growing region.	5/9/2017 6:38 AM
45	Install a foot path near the laidley high school going towards the estate, we have no choice but to walk on the road & there have been some very close calls of kids nearly being hit by the busses & cars going around that corner.	5/9/2017 6:32 AM
46	Railway St desperately need foot paths many many elderly trip hazards walking on road even though it's uneven and driving scooters on road parents with prams find pushing prams difficult	5/9/2017 6:29 AM
47	Advise ratepayers of cost of service level increases also whole of life costs of any increase in capital works expenditure. Aquatic centre community centres show grounds etc .	5/9/2017 6:14 AM
48	Great concept, easy to follow	5/9/2017 5:00 AM
49	Please lay a tar road in Head Street, gravel roads damage cars and tyres, are unhealthy because break pads contain asbestos and that would be in the dust on the gravel road in Head Street - that dust blows into peoples houses. Please lay a proper road in Head Street Laidley ASAP	5/9/2017 3:50 AM
50	Proper gutters would be great	5/9/2017 3:17 AM
51	In the 5 years I've lived in Walnut Drive Brightview, council has NEVER looked after our footpath. Last week for the first time in 5 years they actually came out and started to clean the drainage channel/curb and channel that directs the water away from the road but they never finished it and only did the neighbors property properly. My husband and sons have had to dig out this drainage every time it rains, some 500 meters with pick and shovel to prevent accidents from the soil and water being washed into the road. Council came out last week with machinery and did a small part of it but, at the first rain it will fill up and overflow because they didn't bother to do the entire drain that leads to a dedicated drainage channel designed to take the water away from the road. I've spent years calling LVRC, get told they will pass it on to relevant department and it's taken 5 years to get them to do a half arsed job! Can't wait to leave this council area! If only we lived 100 meters up the road we'd be in Somerset Council, pay less rates and have more actual services and a council that actually gives a god damn about it's ratepayers!	5/9/2017 3:07 AM
52	dog parks?	5/9/2017 1:08 AM
53	Maybe ask what road ppl think need to be sealed. Note there are alot less rural voices then town voices.	5/8/2017 11:48 PM
54	Stevens road Murphys creek has a sealed section at the beginning off Murphys creek road and the rest is gravel. I request Stevens road be completely sealed to save future costs of continued maintenance.	5/8/2017 11:23 PM
55	Consider a water park at Lake Dyer	5/8/2017 11:15 PM
56	We also need a dog park	5/8/2017 11:02 PM
57	We need a dog park in Gatton. For socialisation of both dogs and people! Nearest one is Ipswich or Toowoomba. Not good enough.	5/8/2017 10:52 PM
58	Would love to see slashing of sides of roads kept up more frequently, as wildlife is hard to be seen in long grass on the side of the road at night and during the day even. Thank you.	5/8/2017 4:11 PM
59	More children's parks!	5/8/2017 3:30 PM
60	Hot tip do not give yourselves a payrise in the budget especially if your cutting spending in the area leaves a bad taste in rate payers mouths ??	5/8/2017 3:25 PM
61	Kensington Grovebis still waiting on a local children's park	5/8/2017 3:12 PM
62	A second High School between Grantham and Withcott. Understand this is off topic for this survey, I do believe it would be good for the area.	5/8/2017 2:25 PM
63	There are numerous roads sealed and unsealed that council have already spent alot of time and money maintaining. Unfortunately these works don't appear to have lasted which is disappointing.	5/8/2017 2:01 PM
64	It's great to see LVRC continually asking community for feedback	5/8/2017 1:46 PM
65	Lawlers Rd between Grantham and Helidon is reduced back to a single bitumen lane for around 1km, My observation is through traffic is taking this as a short cut as it is signed as 80km/h they are reaching speeds well over 100km/h, Not only is this becoming extremely dangerous where the road goes back to a single bitumen lane the gravel on the sides has deteriorated in such a manner it has become extremely dangerous for all road users, Cars, Truck, Tractors, people on bicycles, pedestrians out walking are all at risk, Many cyclists take this route so as to avoid the heavy morning and afternoon traffic of the Helidon/Gatton road only to encounter Lawlers roads deteriorated state and have no where to go. With the future development of the Back Packer facility nearby you would expect traffic to only increase? Better infrastructure to encourage people of all kinds to use bicycle transport via Lawlers rd, through the Grantham to Placid hills road which has wide shoulders and then through Placid hills around into Gatton would only be beneficial to all. Even some signs to bring about awareness for motorists that there are other road users would help? Make it more people friendly and bring ore tourists to Helidon, Grantham and Gattons local Cafe's. Everyone wins.	5/8/2017 1:22 PM
66	you haven't included cleaning of creeks after recent floods, or just general maintenience of creek banks to get rid of rubbish and over growth	5/8/2017 1:15 PM
67	because approximately 10 buses used the half graverl have bitchemum road twice a day and the amount of local traffic and school traffic daily concerns me. it needs to be repaired quickly.	5/8/2017 1:06 PM
68	As a resident, home owner and mother living in Murphys Creek. A pavement along the main road, so as to be able to walk SAFELYwith a pram would be a huge benefit. I see people walking their dogs on a daily basis along the road and elderly walking in the mornings. Past cars not doing the speed limit and often several cars at a time. There is a lot of grass - can be evened out and pathed!	5/8/2017 1:06 PM

Council Infrastructure Works Priorities

69	Laidley needs an off lease dog park	5/8/2017 1:06 PM
70	Glen Cairn rd needs to be bitumen through to salt springs, traffic in this area has increased	5/8/2017 12:59 PM

For more information on this consultation please contact Council's Community Engagement Team on 1300 005 872 or CETeam@lvrc.qld.gov.au.
